Representation Letter

The entities that are required to be included in the combined financial statements of CviLux Corporation as of and for the year ended December 31, 2023 under the Criteria Governing the Preparation of Affiliation Reports, Consolidated Business Reports, and Consolidated Financial Statements of Affiliated Enterprises are the same as those included in the consolidated financial statements prepared in conformity with International Financial Reporting Standards No.10 endorsed by the Financial Supervisory Commission of the Republic of China. In addition, the information required to be disclosed in the combined financial statements is included in the consolidated financial statements. Consequently, CviLux Corporation and Subsidiaries do not prepare a separate set of combined financial statements.

Independent Auditors' Report

To the Board of Directors of CviLux Corporation:

Opinion

We have audited the consolidated financial statements of CviLux Corporation and its subsidiaries (" the Group"), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IASs"), Interpretations developed by the International Financial Reporting Interpretations Committee ("IFRIC") or the former Standing Interpretations Committee ("SIC") endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation for slow-moving inventories

Please refer to note 4(h) "Inventories" for accounting policy, note 5 for accounting assumption, judgments, and estimation uncertainty to the consolidated financial statement, and note 6(f) for the illustration of the evaluation of inventories.

Description of key audit matters:

In order to meet shipping demands, the Group has increased its stock volume, which requires the management to use its subjective judgment in valuating the slow-moving inventories. Therefore, the valuation for slow-moving inventories has been identified as one of our key audit matters.

How the matter was addressed in our audit:

Our principal audit procedures included understanding the policies adopted by the management in valuating the slow-moving inventories; assessing the historical reasonableness of the management' s estimates on inventory provisions; selecting samples to verify the accuracy of the inventory aging report; evaluating the appropriateness of management' s methodology to determine inventory reserve percentages; as well as recalculating the inventory reserve for the application of the reserve percentages with the inventory aging categories.

Other Matter

CviLux Corporation has prepared its parent-company-only financial statements as of and for the years ended December 31, 2023 and 2022, on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRSs, IASs, IFRIC, SIC endorsed and issued into effect the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors’ report are Tang, Chia-Chien and Huang, Ming-Hung.

Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors’ report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors’ report and consolidated financial statements, the Chinese version shall prevail.

(English Translation of Consolidated Financial Statements and Report Originally Issued in Chinese)

CVILUX CORPORATION AND SUBSIDIARIES

Notes to the Consolidated Financial Statements

For the years ended December 31, 2023 and 2022

(Expressed in Thousands of New Taiwan Dollars, Unless Otherwise Specified)

(1) Company history

CviLux Corporation (the "Company") was incorporated on March 16, 1990 as a company limited by shares and registered under the Ministry of Economic Affairs (MOEA) of the Republic of China (R.O.C.). The address of Company's registered office is 9F., No.9, Ln. 3, Sec. 1, Zhongzheng E. Rd., Tamsui Dist., New Taipei City. The Company and its subsidiaries ("the Group")'s major operating activities are the assembling, manufacturing, processing, and trading of connectors used in the electronic industry, electrical machinery, communication cable wires, and computer equipment.

(2) Approval date and procedures of the consolidated financial statements

These consolidated financial statements were authorized for issue by the Board of Directors on March 14, 2024.

(3) New standards, amendments and interpretations adopted:

(a) The impact of the International Financial Reporting Standards ("IFRSs") endorsed by the Financial Supervisory Commission, R.O.C. which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2023:

- Amendments to IAS 1 "Disclosure of Accounting Policies"
- Amendments to IAS 8 "Definition of Accounting Estimates"
- Amendments to IAS 12 "Deferred Tax related to Assets and Liabilities arising from a Single Transaction"

The Group has initially adopted the following new amendment, which do not have a significant impact on its consolidated financial statements, from May 23, 2023:

- Amendments to IAS 12 "International Tax Reform—Pillar Two Model Rules"

(b) The impact of IFRS issued by the FSC but not yet effective

The Group assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2024, would not have a significant impact on its consolidated financial statements:

- Amendments to IAS 1 "Classification of Liabilities as Current or Non-current"
- Amendments to IAS 1 "Non-current Liabilities with Covenants"
- Amendments to IAS 7 and IFRS 7 "Supplier Finance Arrangements"
- Amendments to IFRS 16 "Lease Liability in a Sale and Leaseback"

(Continued)

(c) The impact of IFRS issued by IASB but not yet endorsed by the FSC

The Group does not expect the following new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture"
- IFRS 17 " Insurance Contracts" and amendments to IFRS 17 " Insurance Contracts"
- Amendments to IAS21 "Lack of Exchangeability"

(4) Summary of material accounting policies

The material accounting policies presented in the consolidated financial statements are summarized below. The following accounting policies were applied consistently throughout the periods presented in the consolidated financial statements.

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers (hereinafter referred to as "the Regulations") and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations endorsed and issued into effect by the Financial Supervisory Commission, R.O.C.

(b) Basis of preparation

(i) Basis of measurement

Except for the following significant accounts, the consolidated financial statements have been prepared on a historical cost basis:

1) Financial assets at fair value through profit or loss are measured at fair value;

2) The defined benefit liabilities are measured at fair value of the plan assets less the present value of the defined benefit obligation.

(ii) Functional and presentation currency

The functional currency of each Group entity is determined based on the primary economic environment in which the entity operates. The consolidated financial statements are presented in New Taiwan Dollar (NTD), which is the Company's functional currency. All financial information presented in NTD has been rounded to the nearest thousand.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(c) Basis of consolidation

(i) Principle of preparation of the consolidated financial statements

The consolidated financial statements comprise the Company and subsidiaries.

The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases. Intragroup balances and transactions, and any unrealized income and expenses arising from Intragroup transactions are eliminated in preparing the consolidated financial statements. The Group attributes the profit or loss and each component of other comprehensive income to the owners of the parent and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

The Group prepares consolidated financial statements using uniform accounting policies for like transactions and other events in similar circumstances.

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received will be recognized directly in equity, and the Group will attribute it to the owners of the parent.

(ii) List of subsidiaries in the consolidated financial statements

Name of investor	Name of subsidiary	Principal activity	Shareholding December 31, 2023	Shareholding December 31, 2022	Note

Note 2: The liquidation of SHC had been approved by the Company's board in December 2021, wherein all relevant registration procedures had been completed in the 2nd quarter of 2023.

(iii) Subsidiaries excluded from the consolidated financial statements: None.

(d) Foreign currencies

(i) Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of Group entities at the exchange rates at the dates of the transactions. At the end of each subsequent reporting period, monetary items denominated in foreign currencies are translated into the functional currencies using the exchange rate at that date. Non-monetary items denominated in foreign currencies that are measured at fair value are translated into the functional currencies using the exchange rate at the date that the fair value was determined. Non-monetary items denominated in foreign currencies that are measured based on historical cost are translated using the exchange rate at the date of the transaction.

Exchange differences are generally recognized in profit or loss, except for those differences relating to the following, which are recognized in other comprehensive income:

- an investment in equity securities designated as at fair value through other comprehensive income;
- a financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective; or
- qualifying cash flow hedges to the extent that the hedges are effective.

(ii) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into the presentation currency at the exchange rates at the reporting date. Except for highly inflationary economies, the income and expenses of foreign operations are translated into the presentation currency at the average exchange rate. Exchange differences are recognized in other comprehensive income.

When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interest. When the Group disposes of only part of investment in an associate of joint venture that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, Exchange differences arising from such a monetary item that are considered to form part of the net investment in the foreign operation are recognized in other comprehensive income.

(e) Classification of current and non-current assets and liabilities

An asset is classified as current under one of the following criteria, and all other assets are classified as non-current.

(i) It is expected to be realized, or intended to be sold or consumed, in the normal operating cycle;

(ii) It is held primarily for the purpose of trading;

(iii) It is expected to be realized within twelve months after the reporting period; or

(iv) The asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current under one of the following criteria, and all other liabilities are classified as non-current.

An entity shall classify a liability as current when:

(i) It is expected to be settled in the normal operating cycle;

(ii) It is held primarily for the purpose of trading;

(iii) It is due to be settled within twelve months after the reporting period; or

(iv) The Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issuance of equity instruments that do not affect its classification.

(Continued)

(f) Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. Time deposits which meet the above definition and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes should be recognized as cash equivalents.

(g) Financial instruments

Account receivables and debt securities issued are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Group becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a account receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A account receivable without a significant financing component is initially measured at the transaction price.

(i) Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis.

On initial recognition, a financial asset is classified as financial assets at amortized cost.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

1) Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are subsequently measured at amortized cost, which is the amount at which the financial asset is measured at initial recognition, plus/minus, the cumulative amortization using the effective interest method, adjusted for any loss allowance. Interest income, foreign exchange gains and losses, as well as impairment, are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.

2) Fair value through other comprehensive income (FVOCI)

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income. This election is made on an instrument-by-instrument basis.

Debt investments at FVOCI are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in other comprehensive income. On derecognition, gains and losses accumulated in other comprehensive income are reclassified to profit or loss.

Equity investments at FVOCI are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to profit or loss.

Dividend income is recognized in profit or loss on the date on which the Group's right to receive payment is established.

3) Fair value through profit or loss (FVTPL)

All financial assets not classified as amortized cost or FVOCI described as above are measured at FVTPL, including derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset, which meets the requirements to be measured at amortized cost or at FVOCI, as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

4) Impairment of financial assets

The Group recognizes loss allowances for expected credit losses (ECL) on financial assets measured at amortized cost (including cash and cash equivalents, financial assets at amortized cost, accounts receivable and notes receivable, other receivables, guarantee deposit paid and other financial assets).

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The Group measures loss allowances at an amount equal to lifetime ECL, except for the following which is measured as 12-month ECL:

- debt securities that are determined to have low credit risk at the reporting date; and

- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowance for notes and accounts receivable are always measured at an amount equal to lifetime ECL.

Lifetime ECL are the ECL that result from all possible default events over the expected life of a financial instrument.

12-month ECL are the portion of ECL that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECL is the maximum contractual period over which the Group is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both qualitative and quantitative information and analysis based on the Group's historical experience and informed credit assessment as well as forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 180 days past due.

The Group considers a financial asset to be in default when the financial asset is more than one years past due or the debtor is unlikely to pay its credit obligations to the Group in full.

ECL are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive). ECL are discounted at the effective interest rate of the financial asset.

At each reporting date, the Group assesses whether financial assets carried at amortized cost and debt securities at FVOCI are credit-impaired. A financial asset is ‘ credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;

- a breach of contract such as a default or being more than one year past due;

(Continued)

- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;

- it is probable that the borrower will enter bankruptcy or other financial reorganization; or

- the disappearance of an active market for a security because of financial difficulties.

Except for notes and accounts receivable, the loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is charge to profit or loss and is recognized in other comprehensive income instead of reducing the carrying amount of the asset.

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For corporate customers, the Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

5) Derecognition of financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group enters into transactions whereby it transfers assets recognized in its statement of balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognized.

(ii) Financial liabilities and equity instruments

1) Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

2) Compound financial instruments

Compound financial instruments issued by the Group comprise convertible bonds denominated in NTD that can be converted to ordinary shares at the option of the holder, when the number of shares to be issued is fixed and does not vary with changes in fair value.

The liability component of compound financial instruments is initially recognized at the fair value of a similar liability that does not have an equity conversion option. The equity component is initially recognized at the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. Any directly attributable transaction costs are allocated to the liability and equity components in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of a compound financial instrument is measured at amortized cost using the effective interest method. The equity component of a compound financial instrument is not remeasured.

Interest related to the financial liability is recognized in profit or loss. On conversion at maturity, the financial liability is reclassified to equity and no gain or loss is recognized.

3) Derecognition of financial liabilities

The Group derecognizes a financial liability when its contractual obligations are discharged or canceled, or expire. The Group also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognized at fair value.

On derecognition of a financial liability, the difference between the carrying amount of a financial liability extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

4) Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount presented in the statement of balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(h) Inventories

Inventories are measured at the lower of cost or net realizable value. The cost of inventories is calculated using the weighted-average method, and includes expenditure incurred in acquiring the inventories, production or conversion costs, and other costs incurred in bringing them to their present location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(i) Investment in associates

Associates are those entities in which the Group has significant influence, but not control or joint control, over their financial and operating policies. Investments in associates are accounted for using the equity method and are recognized initially at cost. The cost of the investment includes transaction costs. The carrying amount of the investment in associates includes goodwill arising from the acquisition less any accumulated impairment losses.

The consolidated financial statements include the Group's share of the profit or loss and other comprehensive income of those associates, after adjustments to align the accounting policies with those of the Group, from the date on which significant influence commences until the date on which significant influence ceases. The Group recognizes any changes of its proportionate share in the investee within capital surplus, when an associate's equity changes due to reasons other than profit and loss or comprehensive income, which did not result in changes in actual proportionate share.

Gains and losses resulting from transactions between the Group and an associate are recognized only to the extent of unrelated Group's interests in the associate.

When the Group's share of losses of an associate equals or exceeds its interests in an associate, it discontinues recognizing its share of further losses. After the recognized interest is reduced to zero, additional losses are provided for, and a liability is recognized, only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

(j) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost, less accumulated depreciation and any accumulated impairment losses.

If significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iii) Depreciation

Depreciation is calculated on the cost of an asset less its residual value and is recognized in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Land is not depreciated.

The estimated useful lives of property, plant and equipment for current and comparative periods are as follows:

1) Buildings and structures: 5 to 55 years

2) Machinery and equipment: 2 to 15 years

3) Other equipment: 1 to 10 years

Depreciation methods, useful lives, and residual values are reviewed at each reporting date and adjusted if appropriate.

(k) Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(i) As a leasee

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be reliably determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- payments for purchase or termination options that are reasonably certain to be exercised.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when:

- there is a change in future lease payments arising from the change in an index or rate;
- there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee; or
- there is a change in the lease term resulting from a change of its assessment on whether it will exercise an option to purchase the underlying asset, or
- there is a change of its assessment on whether it will exercise a extension or termination option; or
- there is any lease modification

When the lease liability is remeasured, other than lease modifications, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or in profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

When the lease liability is remeasured to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease, the Group accounts for the remeasurement of the lease liability by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognize in profit or loss any gain or loss relating to the partial or full termination of the lease.

The Group presents right-of-use assets that do not meet the definition of investment and lease liabilities as a separate line item respectively in the statement of financial position.

If an arrangement contains lease and non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices. However, for the leases of land and buildings in which it is a lessee, the Group has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Group has elected not to recognize right-of-use assets and lease liabilities for short-term leases of other equipment that have a lease term of 12 months or less and leases of low-value assets. The Group recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(ii) As a lessor

When the Group acts as a lessor, it determines at lease commencement whether each lease is a finance lease or an operating lease. To classify each lease, the Group makes an overall assessment of whether the lease transfers to the lessee substantially all of the risks and rewards of ownership incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then the lease is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Group applies IFRS15 to allocate the consideration in the contract.

(l) Intangible assets

(i) Recognition and measurement

Goodwill arising on the acquisition of subsidiaries is measured at cost, less accumulated impairment losses.

Expenditure on research activities is recognized in profit or loss as incurred.

Development expenditure is capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Group intends to, and has sufficient resources to, complete development and to use or sell the asset. Otherwise, it is recognized in profit or loss as incurred. Subsequent to initial recognition, development expenditure is measured at cost, less accumulated amortization and any accumulated impairment losses.

Other intangible assets that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortization and any accumulated impairment losses.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in profit or loss as incurred.

(iii) Amortization

Amortization is calculated over the cost of the asset, less its residual value, and is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use.

The intangible assets of the Group is connector patents, trade marks and computer software, the estimated useful life was two to five years.

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(m) Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units (CGUs). Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognized in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(n) Revenue recognition

(i) Revenue from contracts with customers

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring goods or services to a customer. The Group recognizes revenue when it satisfies a performance obligation by transferring control of a good or a service to a customer. The accounting policies for the Group's main types of revenue are explained below.

1) Sale of goods

The Group manufactures and sells electronic components. The Group recognizes revenue when control of the products has transferred, being when the products are delivered to the customer, the customer has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for acceptance have been satisfied.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

A receivable is recognized when the goods are delivered as this is the point in time that the Group has a right to an amount of consideration that is unconditional.

2) Financing components

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

(ii) Contract costs

1) Incremental costs of obtaining a contract

The Group recognizes as an asset the incremental costs of obtaining a contract with a customer if the Group expects to recover those costs. The incremental costs of obtaining a contract are those costs that the Group incurs to obtain a contract with a customer that it would not have incurred if the contract had not been obtained. Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained shall be recognized as an expense when incurred, unless those costs are explicitly chargeable to the customer regardless of whether the contract is obtained.

The Group applies the practical expedient to recognize the incremental costs of obtaining a contract as an expense when incurred if the amortization period of the asset that the entity otherwise would have recognized is one year or less.

2) Costs to fulfill a contract

If the costs incurred in fulfilling a contract with a customer are not within the scope of another standard (for example, IAS 2 Inventories, IAS 16 Property, Plant and Equipment or IAS 38 Intangible Assets), the Group recognizes an asset from the costs incurred to fulfill a contract only if those costs meet all of the following criteria:

- the costs relate directly to a contract or to an anticipated contract that the Group can specifically identify;
- the costs generate or enhance resources of the Group that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and
- the costs are expected to be recovered.

General and administrative costs, costs of wasted materials, labor or other resources to fulfill the contract that was not reflected in the price of the contract, costs that relate to satisfied performance obligations (or partially satisfied performance obligations), and costs for which the Group cannot distinguish whether the costs relate to unsatisfied performance obligations or to satisfied performance obligations (or partially satisfied performance obligations), the Group recognizes these costs as expenses when incurred.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(o) Government grants

The Group recognizes an unconditional government grant in profit or loss as other income when the grant becomes receivable. Other government grants related to assets are initially recognized as reduction of assets at fair value if there is reasonable assurance that they will be received and the Group will comply with the conditions associated with the grant; they are then recognized in profit or loss as reduction of depreciation on a systematic basis over the useful life of the asset. Grants that compensate the Group for expenses or losses incurred are recognized in profit or loss on a systematic basis in the periods in which the expenses or losses are recognized.

(p) Employee benefits

(i) Defined contribution plans

Obligations for contributions to defined contribution plans are expensed as the related service is provided.

(ii) Defined benefit plans

The Group's net obligation in respect of defined benefit plans is calculated separately for each the plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income, and accumulated in retained earnings within equity. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in profit or loss. The Group recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

(q) Income taxes

Income taxes comprise current taxes and deferred taxes. Except for expenses related to business combinations or recognized directly in equity or other comprehensive income, all current and deferred taxes are recognized in profit or loss.

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatment, do not meet the definition of income taxes, and therefore accounted for them under IAS37.

Current taxes comprise the expected tax payables or receivables on the taxable profits (losses) for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payables or receivables are the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

Deferred taxes arise due to temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their respective tax bases. Deferred taxes are recognized except for the following:

(i) temporary differences on the initial recognition of assets and liabilities in a transaction that is not a business combination and at the time of the transaction affects neither accounting nor taxable profits (losses) and does not give rise to equal taxable and deductible temporary differences;

(ii) temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and

(iii) taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized for the carry forward of unused tax losses, unused tax credits, and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realized.

Deferred taxes are measured at tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if the following criteria are met:

(i) The Group has a legally enforceable right to set off current tax assets against current tax liabilities; and

(ii) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either:

1) the same taxable entity; or

2) different taxable entities which intend to settle current tax assets and liabilities on a net basis, or to realize the assets and liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

(r) Earnings per share

The Group discloses the Company's basic and diluted earnings per share attributable to ordinary shareholders of the Company. Basic earnings per share is calculated as the profit attributable to ordinary shareholders of the Company divided by the weighted average number of ordinary shares outstanding. Diluted earnings per share is calculated as the profit attributable to ordinary shareholders of the Company divided by the weighted average number of ordinary shares outstanding after adjustment for the effects of all potentially dilutive ordinary shares, such as convertible bonds and employee compensation.

(s) Operating segment

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group). Operating results of the operating segment are regularly reviewed by the Group's chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Each operating segment consists of standalone financial information.

(5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty

In preparing these consolidated financial statements, management has made judgments, estimates, and assumptions that affect the application of the accounting policies and the reported amount of assets, liabilities, income, and expenses. Actual results may differ from these estimates.

The management continues to monitor the accounting estimates and assumptions. The management recognizes any changes in accounting estimates during the period and the impact of those changes in accounting estimates in the following period.

The Group likely to be facing economic uncertainties such as natural disasters, international political uncertainties and inflation. Those events may have a significant impact in the next financial year on the following accounting estimates, which depend on the future forecasts. Information about judgments made in applying accounting policies do not have significant effects on the amounts recognized in the consolidated financial statements.

(Continued)

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year is as follows. Those assumptions and estimation have been updated to reflect the impact of economic uncertainties:

- Valuation of inventories

  As inventories are stated at the lower of cost or net realizable value, the Group estimates the net realizable value of inventories for obsolescence and unmarketable items at the end of the reporting period and then writes down the cost of inventories to net realizable value. The valuation of the inventory is mainly determined basing on the demand of products in the future. Due to the rapid industrial transformation, there may be significant changes in the net realizable value of inventories. Refer to note 6(f) for further description of the valuation of inventories.

(6) Explanation of significant accounts

(a) Cash and cash equivalents

	December 31, 2023	December 31, 2022
Cash	$ 2,107	6,591
Demand deposits	1,711,199	1,794,285
Time deposits	439,617	179,592
	$ 2,152,923	**1,980,468**

Please refer to note 6(w) for credit risk and market risk information of the financial assets of the Group.

(b) Financial assets at fair value through profit or loss

	December 31, 2023	December 31, 2022
Mandatorily measured at fair value through profit or loss－current:		
Non-derivative financial assets		
Funds	$ 5,521	5,414
Foreign corporate bonds	11,866	10,748
Stocks listed on foreign markets	2,128	6,989
Financial assets designated at fair value thorough profit or loss:		
Preferred stock listed on foreign markets	306	513
	$ 19,821	**23,664**
Mandatorily measured at fair value through profit or loss－non-current:		
Convertible bonds with embedded derivatives	**$ -**	**50**

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(i) The derivative financial instruments arising from the issuance of convertible bonds of the Group were stated in note 6(n).

(ii) For credit risk and market risk information, please refer to note 6(w).

(iii) The financial assets were not collateralized.

(c) Financial assets at amortized cost－current

	December 31, 2023	December 31, 2022
Time deposits－current	$ 240,581	112,845
Restricted deposits－current	-	30,204
	$ 240,581	**143,049**

(i) Due to the Group’s investment in the government projects that has yet to be completed and in accordance with the Management, Utilization, and Taxation of Repatriated Offshore Funds Act, the Group's restricted bank deposits shall not be diverted for other purposes except for the approved plans.

(ii) For credit risk, please refer to note 6(w).

(d) Notes and accounts receivable

	December 31, 2023	December 31, 2022
Notes receivable	$ 10,290	10,482
Accounts receivable	923,843	978,130
Accounts receivable－related parties	1,374	2,177
Subtotal	935,507	990,789
Less: Loss allowance	(12,851)	(11,677)
	$ 922,656	**979,112**

The Group applies the simplified approach to provide for its expected credit losses, i.e. the use of lifetime expected loss provision for all receivables. To measure the expected credit losses, notes and accounts receivables have been grouped based on shared credit risk characteristics and the days past due, as well as the incorporated forward looking information. The loss allowances for notes and accounts receivable of the Group were determined as follows:

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

	December 31, 2023		
	Gross carrying amount	Weighted-average loss rate	Loss allowance provision
Current	$ 884,855	0%~0.23%	7,977
Overdue 1~30 days	34,485	0%~9.86%	1,299
Overdue 31~90 days	13,376	0%~80.23%	1,421
Overdue 91~180 days	539	0%~94.81%	22
Overdue 181~365 days	503	71.57%~100%	383
Overdue more than 366 days	1,749	100%	1,749
	$ 935,507		12,851

	December 31, 2022		
	Gross carrying amount	Weighted-average loss rate	Loss allowance provision
Current	$ 931,174	0%~0.25%	6,357
Overdue 1~30 days	31,820	0%~13.67%	1,107
Overdue 31~90 days	14,787	0%~84.98%	801
Overdue 91~180 days	10,902	0%~97.69%	1,352
Overdue 181~365 days	322	72.62%~100%	276
Overdue more than 366 days	1,784	100%	1,784
	$ 990,789		11,677

The movements in the allowance for notes and accounts receivable were as follows:

	2023	2022
Balance at January 1	$ 11,677	10,252
Impairment loss recognized	1,317	1,530
Amounts written off	-	(186)
Effect of movement in exchange rates	(143)	81
Balance at December 31	$ 12,851	11,677

As of December 31, 2023 and 2022, the notes and accounts receivable were no pledged as collateral for borrowings. Other credit risk information please refer to note 6(w).

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(e) Other receivables

	December 31, 2023	December 31, 2022
Other receivables	$ 14,556	17,492
Other receivables－related parties	3	789
Subtotal	14,559	18,281
Less: loss allowance	(10,567)	(10,764)
	$ 3,992	**7,517**

As of December 31, 2023 and 2022, the other receivable were no pledged as collateral for borrowings. Other credit risk information please refer to note 6(w).

(f) Inventories

(i) The details of inventories were as follows:

	December 31, 2023	December 31, 2022
Finished goods	$ 162,960	188,002
Work in progress	68,615	77,664
Raw materials	75,454	126,886
Supplies	6,432	6,241
Merchandise	109,874	168,476
	$ 423,335	**567,269**

(ii) Except for cost of goods sold, the gains or losses which were recognized as operating cost were as follows:

	2023	2022
Losses on valuation of inventories	$ 1,603	2,732
Unallocated production overheads	30,950	50,044
Loss on obsolescence	4,927	26,522
Gains from disposal of scraps	(113,367)	(90,711)
Gains (losses) on inventory count	35	143
	$ (75,852)	**(11,270)**

(iii) The inventories were not pledged as collateral for borrowings.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(g) Investments accounted for using equity method (credit balance)

A summary of the Group's financial information for investments accounted for using the equity method (credit balance) at the reporting date is as follows:

	December 31, 2023	December 31, 2022
Associates	$ 6,171	(7,719)

(i) Associates

On April 30, 2021, the Group acquired 42.76% shares of Shenzhen Recon Healthcare Cloud Tech Co., Ltd. (SRT) for $7,756 thousand, resulting in the Group to have significant influence over it. However, SRT conducted cash capital increase in the 2nd, 3rd and 4th quarter of 2023, wherein the Group did not to subscribe proportionately, resulting in the Group’s shareholding in SRT to decrease from 42.76% to 25.87%, having to recognize the capital surplus of $7,055 thousand.

On September 30, 2023, the Group acquired 20.83% shares of Cvilux Sensor Technology (Dongguan) Co., Ltd. (CST) for $8,830 thousand, resulting in the Group to have significant influence over it. However, CST conducted cash capital increase in the 4th quarter of 2023, wherein the Group did not to subscribe proportionately, resulting in the Group’s shareholding in CST to decrease from 20.83% to 19.98%, having to recognize the capital surplus of $2 thousand.

The Group's financial information for investments accounted for using the equity method that are individually insignificant was as follows:

	December 31, 2023	December 31, 2022
Carrying amount of individually insignificant associates' equity	$ 6,171	(7,719)

	2023	2022
Attributable to the Group:		
Loss from continuing operations	$ (2,928)	(8,839)
Other comprehensive income	-	-
Comprehensive income	$ (2,928)	(8,839)

(ii) Pledge

As of December 31, 2023 and 2022, the Group did not provide any investment accounted for using equity method as collaterals for its loans.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

113.1.1~113.12.31	$ 23,907
114.1.1~114.12.31	66,286
115.1.1~115.12.31	8,943
116.1.1~116.12.31	6,075
	$ 105,211

The collateral for these long-term borrowings, please refer to note 8.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(n) Bonds payable

The details of bonds payable were as follows:

	December 31, 2023	December 31, 2022
Total convertible corporate bonds issued	$ 500,000	500,000
Less: unamortized discounted corporate bonds payable	(4,817)	(11,244)
cumulative converted amounts	(100)	-
Subtotal	495,083	488,756
Less: current portion	(495,083)	-
Corporate bonds issued balance at year-end	**$ -**	**488,756**
Embedded derivative instruments－call rights (included in current financial assets at fair value through profit or loss)	**$ -**	**50**
Equity components–conversion options (included in capital surplus–share options)	**$ 43,757**	**43,766**

	2023	2022
Embedded derivative instruments call rights, (included net losses in financial assets at fair value through profit or loss)	**$ (50)**	**(1,800)**
Interest expenses	**$ 6,427**	**6,197**

On October 21, 2021, the Group issued the fourth unsecured domestic convertible bonds amounting to $500,000 thousand, with major terms as follows:

(i) Coupon rate: 0%.

(ii) Maturity date: three years (with the maturity date on October 21, 2024)

(iii) Method of repayment: Except for early redemption and conversion, the Group should repay its convertible bonds in cash upon maturity.

(iv) Redemption method: The Group may redeem its bonds from a creditor if it meets one of the following criteria:

1) If the closing price of the Group's ordinary shares listed on the Taipei Exchange exceeded 30% of the conversion price for 30 consecutive business days within the period between 3 months after the date of issuance and 40 days before the maturity date, the Group may redeem its entire convertible bonds outstanding at par value in cash.

2) Upon creditor's request to convert the bonds, if the total amount of unconverted bonds for the period is less than 10% of the total amount of the bonds issued for the period between 3 months after the issuance of convertible bonds and 40 days before the maturity date, the Group may redeem the bonds at par value in cash.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(v) Terms of conversion

1) After 3 months from the date of issue, the holders of the above-mentioned convertible bonds may convert their bonds into ordinary shares in accordance with the conversion method stipulated by the Group.

2) Pricing of convertible bonds:

Although the conversion price at the time of issuance was $42.2, the conversion price may be adjusted according to the formula prescribed in the conversion method in the event of a change in the Group's ordinary shares or a re-issuance of the conversion rights of the ordinary shares at a conversion price below the current price per share after the corporate bonds have been issued.

The conversion price of the Company’s 4th domestic convertible bonds on September 15, 2023 amounted to $37.65 per share. As of December 31, 2023, the Company’ s 4th domestic convertible bonds, with a accumulated face value of $100 thousand per share, had been converted into 3,000 ordinary shares.

(o) Lease liabilities

The carrying amounts of lease liabilities were as follow:

	December 31, 2023	December 31, 2022
Current	$ 29,343	36,967
Non-current	$ 6,272	35,738

For the maturity analysis, please refer to note 6(w).

The amounts recognized in profit or loss were as follows:

	2023	2022
Interest expense on lease liabilities (recorded under finance costs)	$ 3,308	5,697
Expenses relating to short-term leases	$ 1,002	191
Expenses relating to leases of low-value assets	$ 254	307

The amounts recognized in the statement of cash flows by the Group were as follows:

	2023	2022
Total cash outflow for leases	$ 42,377	46,240

(i) Real estate and buildings leases

The Group leases land and buildings for its office space and retail stores. The leases of office space and factory typically run for a period of 5 years. Some leases include an option to renew the lease for an additional period of the same duration after the end of the contract term.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Some leases of the factory contain extension options. These leases are negotiated and monitored by the local management, and accordingly, contain a wide range of different terms and conditions. The extension options held are exercisable only by the Group. In which lessee is not reasonably certain to use an optional extended lease term, payments associated with the optional period are not included within lease liabilities.

(ii) Other leases

The Group leases vehicles, with lease terms of two to three years. In some cases, the Group has options to purchase the assets at the end of the contract term.

The Group also leases other equipment with contract terms of two years. These leases are short-term and leases of low-value items. The Group has elected not to recognize right-of-use assets and lease liabilities for these leases.

(p) Employee benefits

(i) Defined benefit plans

Reconciliation of defined benefit obligation at present value and plan asset at fair value were as follows:

	December 31, 2023	December 31, 2022
Present value of the defined benefit obligations	$ 97,879	95,536
Fair value of plan assets	(24,574)	(24,125)
Net defined benefit liabilities	**$ 73,305**	**71,411**

The Group makes defined benefit plan contributions to the pension fund account with Bank of Taiwan that provides pensions for employees upon retirement. Plans (covered by the Labor Standards Law) entitle a retired employee to receive retirement benefits based on years of service.

1) Composition of plan assets

The Group allocates pension funds in accordance with the Regulations for Revenues, Expenditures, Safeguard and Utilization of the Labor Retirement Fund, and such funds are managed by the Bureau of Labor Funds, Ministry of Labor. With regard to the utilization of the funds, minimum earnings shall be no less than the earnings attainable from two-year time deposits with interest rates offered by local banks.

As of December 31, 2023, the balance of the employee pension reserve account with Bank of Taiwan amounted to $17,398 thousand and the balance of pension account for executive officers amounted to $7,176 thousand. For information on the utilization of the labor pension fund assets, including the asset allocation and yield of the fund, please refer to the website of the Bureau of Labor Funds, Ministry of Labor.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

2) Movements in present value of the defined benefit obligations

		2023	2022
Defined benefit obligations at January 1	$	95,536	97,147
Current Service costs and interest cost		3,599	2,575
Remeasurements gain		555	(4,186)
Benefits paid		(1,811)	-
Defined benefit obligations at December 31	**$**	**97,879**	**95,536**

3) Movements of defined benefit plan assets

		2023	2022
Fair value of plan assets at January 1	$	24,125	20,984
Expected return on plan assets		421	131
Remeasurements gain			
-Return on plan assets excluding interest income		(53)	1,170
Contributions paid by the employer		1,892	1,840
Benefits paid		(1,811)	-
Fair value of plan assets at December 31	**$**	**24,574**	**24,125**

4) Movements of the effect of the asset ceiling

For the years ended December 31, 2023 and 2022, there were no movements in the effect of plan assets ceiling.

5) Expenses recognized in profit or loss

		2023	2022
Current service costs	$	2,127	2,034
Net interest of net liabilities for defined benefit obligations		1,472	541
Expected return on plan assets		(421)	(131)
	$	**3,178**	**2,444**

		2023	2022
Operating costs	$	318	244
Selling expenses		2,860	2,200
	$	**3,178**	**2,444**

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

6) The remeasurement of the not defined benefit liabilities recognized in other comprehensive income.

		2023	2022
Balance at January 1	$	(25,017)	(30,373)
Recognized during the period		(608)	5,356
Balance at December 31	$	**(25,625)**	**(25,017)**

7) Actuarial assumptions

The principal actuarial assumptions at the reporting date were as follows:

	December 31, 2023	December 31, 2022
Discount rate	1.625 %	1.750 %
Future salary rate increase	3.000 %	3.000 %

The expected allocation payment to be made by the Group to the defined benefit plans for the one-year period after the reporting date for 2023 is $1,861 thousand.

The weighted-average lifetime of the defined benefits plans for the year ended December 31, 2023 is 12.24 years.

8) Sensitivity analysis

When calculating the present value of the defined benefit obligations, the Group uses judgments and estimations to determine the actuarial assumptions for each measurement date, including discount rates and future salary changes. Any changes in the actuarial assumptions may significantly influence the amount of the defined benefit obligations.

If the actuarial assumptions had changed, the impact on the present value of the defined benefit obligation shall be as follows:

	Impact on defined benefit obligations	
	Increased 0.25%	Decreased 0.25%
December 31, 2023		
Discount rate	(1,504)	1,557
Future salary increasing rate	1,502	(1,461)
December 31, 2022		
Discount rate	(1,576)	1,640
Future salary increasing rate	1,578	(1,534)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown above. The method used in the sensitivity analysis is consistent with the calculation of pension liabilities in the balance sheets.

There is no change in the method and assumptions used in the preparation of sensitivity analysis for 2023 and 2022.

(ii) Defined contribution plans

1) The Group allocate 6% of each employee's monthly wages to the labor pension personal account at the Bureau of Labor Insurance in accordance with the provisions of the Labor Pension Act. Under these defined contribution plans, the Group allocates a fixed amount to the Bureau of Labor Insurance without additional legal or constructive obligation.

The pension cost incurred from the contributions to the Bureau of the Labor Insurance amounted to $7,012 thousand and $7,370 thousand for the years ended December 31, 2023 and 2022, respectively.

2) The Group's subsidiaries, including CviLux (Suzhou) Co., Ltd., Dongguan Qunhan Electronics Co., Ltd., CviLux (Dongguan) Co., Ltd., CviLux (Chongqing) Co., Ltd., CviLux (Shenzhen) Co., Ltd., CviCloud Shenzhen Limited, and CviLux AnHui Co., Ltd., adopt the defined contribution plans, with the pension costs of $39,315 thousand and $41,668 thousand in 2023 and 2022, respectively.

(q) Income taxes

(i) The components were as follows:

		2023	2022
Current tax expenses			
Current period	$	(90,549)	(109,236)
Adjustment for prior periods		(4,296)	(1,430)
		(94,845)	(110,666)
Deferred tax expense			
Origination and reversal of temporary differences		(31,361)	(65,231)
Income tax expenses	**$**	**(126,206)**	**(175,897)**

The amounts of income tax recognized in other comprehensive income were as follows:

		2023	2022
Remeasurement from defined benefit plans	**$**	**122**	**(1,071)**

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Reconciliation of income tax expense and income before tax were as follows.

	2023	2022
Income before tax	$ 341,224	503,979
Income tax using the Company's domestic tax rate	$ (68,245)	(100,796)
Effect of tax rates in foreign jurisdiction	(46,950)	(77,740)
Gain on domestic investments	36	7,657
Tax incentives	6,570	7,738
Non-deductible expense	(1,258)	(1,670)
Adjustment for perior periods	(4,296)	(1,430)
Additional tax on unappropriated earnings	(6,870)	(3,391)
Others	(5,193)	(6,265)
	$ (126,206)	(175,897)

(ii) Deferred tax assets and liabilities

1) Unrecognized deferred tax assets and liabilities

The R.O.C. Income Tax Act allows net losses, as assessed by the tax authorities, to offset taxable income over period years for local tax reporting purposes. Deferred tax assets have not been recognized in respect of these items because it is not probable that future taxable profit will be available against which the Group can utilize the benefits therefrom.

The consolidated entity is able to control the timing of the reversal of the temporary differences associated with investments in subsidiaries. Also, management considers it probable that the temporary differences will not reverse in the foreseeable future. Hence, such temporary differences are not recognized under deferred tax liabilities. Details are as follows:

	December 31, 2023	December 31, 2022
Unrecognized deferred tax assets:		
Loss carryforwards	$ 59,105	59,904

	December 31, 2023	December 31, 2022
Unrecognized deferred tax liabilities:		
Aggregate amount of temporary differences related to investments in subsidiaries	$ 289,071	282,816

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

As of December 31, 2023, the information of the Group's unused tax losses for which no deferred tax assets were recognized are as follows:

Year of loss	Unused tax loss	Expiry year
2014	$ 693	2024
2015	690	2025
2016	1,706	2026
2017	6,902	2027
2018	8,876	2028, indefinite
2019	12,501	2024, 2029, indefinite
2020	12,307	2025, 2030, indefinite
2021	8,045	2026, 2031
2022	7,143	2032, indefinite
2023	242	2033
	$ 59,105	

2) Recognized deferred tax assets and liabilities

Changes in the amount of deferred tax assets and liabilities were as follows:

	Defined Benefit Plan	Deferred Losses	Allowance for obsolete inventories	Others	Total
Deferred tax assets:					
Balance at January 1, 2023	$ 14,314	3,096	9,927	8,263	35,600

Balance at January 1, 2022	**$ 269,905**	**11,585**	**281,490**

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(iii) Assessment

The Company's income tax returns for the years through 2020 were assessed by the tax authorities.

(r) Capital and other equity

(i) Ordinary shares

As of December 31, 2023 and 2022, the Company's authorized share capital consisted of $1,000,000 thousand shares of ordinary shares, with par value of $10 per share, and the paid-in capital amounted to $789,561 thousand and $789,534 thousand, of which 78,956 thousands shares and 78,953 thousands shares, where issued. All issued shares were paid up upon issuance.

(ii) Capital surplus

		December 31, 2023	December 31, 2022
Cash subscription in excess of par value of shares	$	1,336	1,336
Additional paid-in capital from bond conversion		558,402	558,321
Stock options		43,757	43,766
Difference between actual acquiring or disposing subsidiary's equity and carrying amount		4,660	4,660
Changes in equity of associates and joint ventures accounted for using equity method		7,057	-
Other		17	17
	$	**615,229**	**608,100**

According to the R.O.C. Company Act, capital surplus can only be used to offset a deficit, and only the realized capital surplus can be used to increase the common stock or be distributed as cash dividends. The aforementioned realized capital surplus includes capital surplus resulting from premium on issuance of capital stock and earnings from donated assets received. According to the Regulations Governing the Offering and Issuance of Securities by Securities Issuers, capital increases by transferring capital surplus in excess of par value should not exceed 10% of the total common stock outstanding.

(iii) Retained earnings

The Company's articles of incorporation stipulate that the Company's net earnings should first be used to offset the prior years'deficits, if any, before paying any income taxes. Of the remaining balance, 10% is to be appropriated as legal reserve. In addition, special reserve shall be appropriated according to related regulations, and then any remaining profit together with any distributable earnings shall be distributed according to the distribution plan proposed by the Board of Directors and submitted to the shareholders' meeting for approval.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

In accordance with the provisions of the preceding Article, Item 5 of Article 240 and Item 1 of Article 241 of the Company Act, the distributable dividends and bonuses, in whole or in part, may be paid in cash after a resolution has been adopted by a majority vote at a board meeting attended by two thirds of the total number of directors; thereafter, to be reported at the shareholders' meeting.

According to the Company's dividend policy, taking into account the future capital and investment requirement, foreign and domestic competition, as well as shareholders' interests, the profit sharing for shareholders shall not be lower than 15% of the total distributable dividends for the year.

Dividends for shareholders may be distributed in stocks or cash, however the cash dividends shall not be less than 10% of the total dividends.

1) Legal reserve

According to the Company Act, a company should provide 10% of its after tax net profit as Legal reserve until it is equal to its capital. If a company has no accumulated deficit, it may, pursuant to a resolution approved by the stockholders, distribute its legal reserve by issuing new shares or distributing cash for the portion in excess of 25% of the share capital.

2) Special reserve

A portion of current period earnings and undistributed prior period earnings shall be reclassified as a special reserve during earnings distribution. The amount to be reclassified should be equal to the current period's total net reduction of other shareholders equity. Similarly, a portion of undistributed prior period earnings shall be reclassified as a special reserve (which does not qualify for earnings distribution) to account for cumulative changes to other shareholders equity pertaining to prior periods. Amounts of subsequent reversals pertaining to the net reduction of other shareholders equity shall qualify for additional distributions.

(iv) Earnings distribution

Earnings distribution for 2022 and 2021 had been decided by the resolutions adopted at the board meeting and general meeting of the shareholders held on March 22, 2023 and June 23, 2022, respectively, as follows:

	2022		2021	
	Amount per share (in dollars)	**Total amount**	**Amount per share (in dollars)**	**Total amount**
Dividends distributed to ordinary shareholders				
Cash	$ 2.00	$ 157,907	2.00	157,907

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

On March 14, 2024, the Company's Board of Derectors resolved to appropriate the 2023 earnings. These earnings were appropriated as follows:

	2023	
	Amount per share (in dollars)	**Total amount**
Dividends distributed to ordinary shareholders		
Cash	$ 1.38	$ **110,184**

(v) Other comprehensive income accumulated in reserves, net of tax-the Group

	Exchange differences on translation of foreign financial statements
Balance at January 1, 2023-the Group	$ (95,730)
Exchange differences on foreign operations-the Group	(56,354)

	December 31, 2023	**December 31, 2022**	**January 1, 2022**
Notes and accounts receivable (including related parties)	$ 935,507	990,789	1,450,101
Less: loss allowance	(12,851)	(11,677)	(10,252)
Total	**$ 922,656**	**979,112**	**1,439,849**
Contract liabilities (be included in other non-current liabilities)	**$ 27,421**	**24,500**	**18,256**

For details on notes and accounts receivable (including related parties) and allowance for impairment, please refer to note 6(d).

The amount of revenue recognized for the year that was included in the contract liability balance at the beginning of the period were as follows:

	2023	**2022**
Revenue recognized	**$ 15,885**	**10,642**

(u) Remuneration to employees and directors

In accordance with the articles of incorporation the Company should contribute 5%~12% of the profit as employees' remuneration and less than 3% as directors' remuneration when there is profit for the year. However, if the Company has accumulated deficits, the profit should be reserved to offset the deficit. The recipients of shares and cash may include the employees of the Company's affiliated companies who meet certain conditions. The company allocate the remuneration to directors in cash.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The Company estimated its employee remuneration and directors' and supervisors' remuneration based on the net profit before tax, excluding the remuneration to employees, directors and supervisors of each period, multiplied by the percentage of remuneration to employees, directors and supervisors as specified in the Company's articles. These remunerations were expensed under operating costs or operating expenses during 2023 and 2022. The differences between the actual distributed amounts as determined by the Board of Directors and those recognized in the financial statements, if any, shall be accounted for as changes in accounting estimates and recognized in profit or loss in the following year.The numbers of shares to be distributed were calculated based on the closing price of the Company's ordinary shares, one day before the date of the meeting of Board of Directors.

The Company's estimated is as follows:

	2023	**2022**
Employees' remuneration	$ 23,211	34,143
Directors' remuneration	6,995	10,290
	$ 30,206	**44,433**

There was no difference between the actual distributed amounts as determined by the Board of Directors and those recognized in the Company's parent-company-only financial statements of the years ended December 31, 2023 and 2022. The related information can be found on Market Observation Post System website.

(iv) Finance costs

		2023	2022
Interest expense on bank borrowings and bonds	$	(13,472)	(11,986)
Interest expenses on lease liabilities		(3,308)	(5,697)
	$	**(16,780)**	**(17,683)**

(w) Financial instruments

(i) Credit risk

1) Credit risk exposure

The carrying amount of financial assets represents the maximum amount exposed to credit risk.

2) Concentration of credit risk

Accounts receivable were due from many customers and regional distributions were decentralized. Therefore, there was no concentration of credit risk. In order to reduce the credit risk of accounts receivable, the Group continually evaluates each customer's financial situation. However, the Group does not require its customers to provide collaterals.

3) Credit risk of receivables

For credit risk exposure of notes and accounts receivable, please refer to note 6(d).

Financial assets at amortized cost includes other receivables, guarantee depostis paid, restricted deposits and time deposits and etc.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

All of these financial assets are considered to have low risk, and thus, the impairment provision recognized during the period was limited to 12-months expected losses. Regarding how the financial instruments are considered to have low credit risk, please refer to note 4(g). The loss allowances for other receivables of the Group were determined as follows:

	2023	2022
Balance at January 1	$ 10,764	10,608
Effect of changes in foreign exchanges rates	(197)	156
Balance at December 31	**$ 10,567**	**10,764**

(ii) Liquidity risk

The following table shows the contractual maturities of financial liabilities, including estimated interest payments and excluding the impact of netting agreements:

	Carrying amount	Contractual cash flows	Within 1 year	1-2 years	2-5 years	Over 5 years
December 31, 2023						
Non-derivative financial liabilities						
Short-term borrowings	$ 160,000	160,988	160,988	-	-	-
Notes and accounts payable, other payable and lease liabilities	685,025	702,915	694,925	5,796	2,194	-
Long-term borrowings (including current portion)	105,211	108,631	25,757	67,559	15,315	-
Guarantee deposits received	512	512	-	512	-	-
Bonds payable (including current portion)	495,083	499,900	499,900	-	-	-
	$ 1,445,831	**1,472,946**	**1,381,570**	**73,867**	**17,509**	**-**
December 31, 2022						
Non-derivative financial liabilities						
Short-term borrowings	$ 240,000	241,507	241,507	-	-	-
Notes and accounts payable, other payable (including related parties) and lease liabilities	712,892	748,296	694,497	45,746	8,053	-
Long-term borrowings (including current portion)	139,064	144,451	32,271	24,256	84,609	3,315
Guarantee deposits received	230	230	-	230	-	-
Bonds payable	488,756	500,000	-	500,000	-	-
	$ 1,580,942	**1,634,484**	**968,275**	**570,232**	**92,662**	**3,315**

The Group does not expect that the cash flows included in the maturity analysis to occur significantly earlier or at significantly different amounts.

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(iii) Currency risk

1) Exposure to currency risk

The Group's significant exposure to foreign currency risk was as follows:

	December 31, 2023			December 31, 2022		
	Foreign currency (in thousands)	Exchange rate	NTD	Foreign currency (in thousands)	Exchange rate	NTD
Financial assets						
Monetary items						
USD	$ 88,087	30.705	2,704,711	63,532	30.71	1,951,068
CNY	13,665	4.327	59,128	30,364	4.408	133,845
HKD	1,083	3.929	4,255	1,671	3.938	6,580
EUR	1,176	33.98	39,960	2,904	32.72	95,019
JPY	1,997	0.217	433	11,934	0.232	2,769
Non-monetary items						
CNY	755,662	4.327	3,269,749	708,730	4.408	3,124,082
LAK	-	-	-	45,633	0.00177	80
USD	40	30.705	1,221	-	-	-
Financial liabilities						
Monetary items						
USD	18,470	30.705	567,121	21,774	30.71	668,680
HKD	474	3.929	1,862	694	3.938	2,733
EUR	10	33.98	340	10	32.72	327
Non-monetary items						
KRW	160,671	0.0239	3,842	45,671	0.0245	1,121
USD	-	-	-	45	30.71	1,385
LAK	21,459,651	0.00149	32,018	-	-	-

2) Sensitivity analysis

The Group's exposure to foreign currency risk arises from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, accounts receivable, other receivables, financial assets at fair value, financial assets at amortized cost, borrowing, accounts payable and other payables that are denominated in foreign currency. A strengthening (weakening) 5 % of the NTD against the USD, CNY, HKD, EUR, JPY, as of December 31, 2023 and 2022 would have increased (decreased) the net income before tax by $111,958 thousand and $75,877 thousand, respectively. The analysis is performed on the same basis for 2022.

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

3) Foreign exchange gains and losses on monetary items

Since the Group has many kinds of functional currency, the information on foreign exchange gains (losses) (including realized and unrealized portions) on monetary items were disclosed by total amounts:

	2023	2022
Foreign exchange gains (losses)	$ 10,903	136,376

(iv) Interest rate risk

Please refer to the notes on liquidity risk management and interest rate exposure of the Group's financial assets and liabilities.

The following sensitivity analysis is based on the exposure to the interest rate risk of derivative and non-derivative financial instruments on the reporting date. Regarding assets with variable interest rates, the analysis is based on the assumption that the amount of assets outstanding at the reporting date was outstanding throughout the year. The rate of change is expressed as the interest rate increases or decreases by 0.5% when reporting to management internally, which also represents the Group management's assessment of the reasonably possible interest rate change.

The interest rate risk is mainly due to the Group's borrowing at variable rates and fair value throught profit or loss at fixed-interest rate. If the interest rate increased (decreased) by 0.5% with all other variable factors remaining constant on the reporting date, the Group's profit loss before tax would increased (decreased) as follows:

	Impact on income (loss) before tax	
	Increase 0.5%	Decreases 0.5%
December 31, 2023	$ (3,919)	3,919
December 31, 2022	$ (4,646)	4,646

(v) Other market price risk

For the years ended December 31, 2023 and 2022, the sensitivity analyses for the changes in the securities price at the reporting date were performed using the same basis for the profit and loss as illustrated below:

	2023		2022	
Price of securities at the reporting date	Other Comprehensive Income after tax	Net income	ther Comprehensive Income after tax	Net income
increasing 5%	$ -	312	-	516
decreasing 5%	$ -	(312)	-	(516)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(vi) Fair value of financial instruments

1) Fair value hierarchy

The fair value of financial assets at fair value through profit or loss is measured on a recurring basis. The carrying amount and fair value of the Group's financial assets and liabilities, including the information on fair value hierarchy were as follows; however, except as described in the following paragraphs, for financial instruments not measured at fair value whose carrying amount is reasonably close to the fair value, and the investments in equity instrument that are not quoted in an active market and can not reliably measure at fair value, disclosure of fair value information is not required:

	December 31, 2023				
	Book value	Fair value			
		Level 1	Level 2	Level 3	Total

2) Valuation techniques for financial instruments measured at fair value

Non-derivative financial instrument is regarded as being quoted in active market if quoted prices are readily as the fair value.

3) Transfer between Level 1 and Level 2

There were no transfers from Level 2 to Level 1 in 2023 and 2022.

4) Reconciliation of Level 3 fair values: None.

(x) Financial risk management

(i) Overview

The Group have exposures to the following risks from its financial instruments:

1) Credit risk

2) Liquidity risk

3) Market risk

The following likewise discusses the Group's objectives, policies and processes for measuring and managing the above mentioned risks. For more disclosures about the quantitative effects of these risks exposures, please refer to the respective notes in the accompanying consolidated financial statements.

(ii) Structure of risk management

The Group's Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Group's inter-department management and committee, which consists of managers from all departments, is responsible for monitoring the Group's risk management policies and reports regularly to the Board of Directors on its activities.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. The inter-department management and committee are reviewed regularly to reflect change in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's Board of Directors and Audit Committee oversee how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risk faced by the Group. The Group's Board of Directors and Audit Committee are assisted in its oversight role by the Internal Audit. The Internal Audit undertakes both regular and adhoc review of risk management controls and procedures, the results of which are reported to the Board of Directors and Audit Committee.

(iii) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instruments fails to meet its contractual obligations and arises principally from the Group's notes and accounts receivable from the customers and bank deposits.

(Continued)

1) Accounts receivable and other receivable

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. In accordance with the Group's policy for providing loans to others, the Group must analyze an individual customer's credit rating before granting payment terms and credit lines. For a customer rated as high risk, future transactions with that customer shall require an advance payment. Credit limited is offered to each customer as the limit of transaction and is reviewed regularly.

With a broad customer base, the Company's transactions are not concentrated within one single customer, and its sales market are spread in different regions; therefore, there is no concentration of credit risk. Also, the Group mitigates its exposure by regularly evaluating its customers' financial position, taking into account the possibility of collectable accounts receivable and making provision for bad debts, which are within management's expectations.

2) Investments

The exposure to credit risk for the bank deposits is measured and monitored by the Group's finance department.The Group only deals with banks, other external parties, corporate organizations, government agencies and financial institutions with good credit rating. The Group does not expect any counterparty above fails to meet its obligations hence there is no significant credit risk arising from these counterparties.

3) Guarantees

According to the Group's policy, the Group can only provide financial guarantees to an entity, wherein the Group owns 50% of its shares and has business transactions with. As of December 31, 2023 and 2022, the Group did not provide any guarantees to any non-consolidated subsidiaries.

(iv) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it always has sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group manages sufficient cash and cash equivalents so as to cope with its operations and mitigate the effects of fluctuations in cash flows. The Group's management supervised the banking facilities and ensures compliance with the terms of the loan agreements.

The loan was an important source of liquidity for the Group. As of December 31, 2023 and 2022, the Group had unused credit facilities for short-term and long-term loans as follows:

	December 31, 2023	**December 31, 2022**
Unused bank credit lines	$ 972,059	909,600

(Continued)

CVILUX CORPORATION AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(v) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices, which affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

1) Currency risk

The Group is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the respective functional currencies of the Group entities, primarily the NTD and CNY. The currencies used in these transactions are the NTD, EUR, USD, HKD, CNY and JPY. This provides an economic hedge without derivatives being entered into, and therefore, hedge accounting is not applied it these circumstances.

2) Interest rate risk

The Group has borrowed funds at fixed and variable interest rates, wherein the Group is exposed to risks associated with fair value change and cash flow. The Group manages its interest rate risk by maintaining a proper components of fixed interest rate and floating interest rate. Additionally, the Group's short term loans bear interests at floating rates. The effective rate varies depending on the market interest rate, thereby fluctuating the Company's future cash flow.

3) Other market price risk

The Group is exposed to equity price risk due to the investments in equity securities. This is held for trading. The management of the Group minimizes the risk by holding different investment portfolios. The Group's exposure to equity price risk is mainly due to the equity financial instruments in Taiwan.

(y) Capital management

The Board of Directors' policy is to maintain a strong capital base to ensure the confidence of investors, creditors, and the market and to sustain future development of the business.

The Group's debt-to-equity ratio at the reporting date was as follows:

	December 31, 2023	December 31, 2022
Total liabilities	$ 1,946,749	2,057,217
Less: cash and cash equivalents	(2,152,923)	(1,980,468)
Net liabilities	**$ (206,174)**	**76,749**
Total equity	**$ 3,072,778**	**3,065,351**
Debt-to-equity ratio	**(6.71)%**	**2.50 %**

(Continued)

As of December 31, 2023, The Group's capital management strategy was consistent with that of the prior years. The collectible receipts, which caused the decrease in net liabilities ratio to exceed the increase in total equity, resulted in the debt to equity ratio to decrease.

(z) Financing activities not affecting current cash flow

(i) For right-of-use assets under leases, please refer to note 6(j).

(ii) Reconciliation of liabilities arising from financing activities (with non-cash changes) were as follows:

			Non-cash changes		
	January 1, 2023	**Cash flows**	**Others**	**Foreign exchange movement**	**December 31, 2023**
Long-term borrowings (including current portion)	$ 139,064	(36,624)	-	2,771	105,211
Lease liabilities (current and non-current)	72,705	(37,813)	1,342	(619)	35,615
Total liabilities from financing activity	**$ 211,769**	**(74,437)**	**1,342**	**2,152**	**140,826**

			Non-cash changes		
	January 1, 2022	**Cash flows**	**Others**	**Foreign exchange movement**	**December 31, 2022**
Short-term borrowings	$ 224,055	15,873	-	72	240,000
Long-term borrowings (including current portion)	104,324	24,002	-	10,738	139,064
Lease liabilities (current and non-current)	110,414	(40,045)	498	1,838	72,705
Total liabilities from financing activity	**$ 438,793**	**(170)**	**498**	**12,648**	**451,769**

(7) Related-party transactions

(a) Names and relationship with the Group

The followings are entities that have had transactions with related party during the periods covered in the consolidated financial statements.

Name of related party	Relationship with the Group
Allsor Technology Corporation	The entity's chairman is the second immediate family member of the chairman of the Company

Pension	30,899	18,606	49,505	33,612	17,870	51,482
Remuneration of directors	-	9,909	9,909	-	12,444	12,444
Others	12,987	18,483	31,470	17,904	20,068	37,972
Depreciation	122,852	103,177	226,029	132,647	91,823	224,470
Amortization	47	12,154	12,201	144	12,251	12,395

(b) In October 2016, the owner of the Company was prosecuted by the New Taipei District Prosecutors Office for violating the Securities and Exchange Act, by selling LED CHIPS between the 2nd of 2014 and 2015. In November 2019, the owner of the Company was acquitted by the New Taipei District Prosecutors Office. However, in February 2020, the prosecutor filed an appeal regarding the above case to the Taiwan High Court, who sentenced the owner of the Company to a prison term of 1 year and 10 months, in which the owner of the Company disagreed with such decision; hence, filed an appeal to the Supreme Court. The Company engaged a lawyer to handle the case. On January 5, 2024, the Company received a notification from the Supreme Court, stating that the conviction against the Company's responsible party was partially revoked and remanded the case to the Taiwan High Court for retrial. The above case did not have any material impact on the financial and business operation of the Company.
